Headteacher's Message

Dear parents and carers,

It has been lovely for us to recognise two special days in school this week - National Fitness Day on Wednesday and European Day of Languages today. We think it is important that our children grow their awareness of such events to build their cultural capital while they are with us here at Langley Park.

Best wishes,

Mr Mordue

Well done to our Attendance Trophy winners of the week...Year 4 with an excellent 98%.

Well done also to our Most Improved Attendance Trophy winners...Year 1!

A reminder that we have class photographs on Monday. Smartest uniforms and best smiles please!

Please read and follow the letter on Class Dojo regarding flu vaccinations for Reception to Year 6. It is vital that you follow the NHS link within the letter to either consent or not to your child receiving the flu vaccination, which takes place in school on Thursday 23 October.

Thank you for your attendance and kind donations for our Macmillan Coffee Morning today - over £100 raised! We hope you enjoyed the coffee and cake!

The children enjoyed learning about other cultures around Europe today as we celebrated the European Day of Languages in each class.

It was great for us to recognise the importance of exercise for our bodies and minds on Wednesday, as we took part in lots of active learning for National Fitness Day!

Today we welcomed Martin Bailey, Computing Consultant, into school. He delivered some amazing coding workshops to our Reception, Year 1 and Year 2 pupils!

Diary Dates

- Monday 29 September - Class photographs
- Thursday 2 October - Cross Country (3/3)
- Friday 10 October - World Mental Health Day
- Thursday 23 October - Flu vaccinations
- Friday 24 October - Break up for October half-term

Can I politely remind parents and carers not to enter the Y1&2 cloakroom on a morning please. This is due to safeguarding reasons. Thank you for your understanding.
